► Focus on the smart calculator

To simplify paper roll information conversions.

- Roll calculator: instantly calculate roll weight, length, and surface area.
- Unit conversion: seamlessly toggle between metric (g/m^2 , m^2) and imperial (lb , yd^2 , ft^2) measurements.
- Price calculator: switch between $\text{€}/\text{kg}$, $\text{€}/\text{m}^2$, $\text{\$/lb}$, and more, including different currencies.
- All-in-one view: weight, length, area, and price in multiple units.

Fast and easy CONVERSION TOOL
